A Message from the 11th CEO NH-Amundi

Dear Valued Customer,

With the support of our clients and shareholders, NH-Amundi Asset Management grew successfully as a global joint venture asset manager to rank eighth in the industry with an AUM of 78 trillion won.

NH-Amundi Asset Management was established in 2003 as a model of global collaboration by Korea's Nonghyup (NH) and the French Credit Agricole (CA) based on the spirit of the cooperatives with the common goal to serve the farmers and the agricultural industry.

The Company lived up to the expectations of both shareholders while putting clients first and concentrating all its capabilities to ensure a sustainable growth with its clients.

It is the first and foremost role expected from an asset managing company to think from a client's perspective, generate stable profits, and return those profits to satisfy clients.

NH-Amundi will provide the best products and investment services based on outstanding management capabilities and differentiated competitiveness to meet its clients' needs.

As a JV, the Company will also make the best use of the NH Financial Group's network which is the largest in the country as we learn from Amundi's culture and its advanced management capabilities that make Amundi the number one asset management company in Europe and number 10 globally to explore new investment opportunities and strengthen cooperation.

We will ensure all our businesses are stable based on a preemptive risk management and thorough internal control system.

In a market environment that constantly changes, we at NH-Amundi promise you to be your trustworthy global investment partner.

Sincerely,

Jung-Sup Gill

CEO of NH-Amundi Asset Management

To respect clients and to be trusted by clients

NH-Amundi

Dear valued clients and partners,

At NH-Amundi, we are committed to providing savings and investment solutions that are adapted to your unique needs. Our client-centric approach, high standard of service, and highly skilled professionals allow us to navigate the complexity of financial markets to deliver innovative but transparent and accessible investment solutions with the best long-term risk-adjusted returns.

As a responsible investment partner, in line with the core values of NH group and Amundi, we are committed to social responsibility, since taking public interest into account strengthens financial performance to add value and purpose to your portfolio. Our team spirit, reliability, and consistent track record have allowed us to build long-term relationships based on confidence and performance.

Thanks to our partnership with Amundi, we have also access to global markets in US, Europe and Asia and larger resources and capabilities, with 5,400 staff in 34 countries, allowing us to offer distinctive products and investment strategies supported by cutting-edge processes and technology.

We look forward to continuing to work with you to achieve your investment goals and deliver exceptional results.

Sincerely,

Nicolas Simon

Deputy CEO of NH-Amundi Asset Management

NH-Amundi has made continuous growth since its foundation in 2003, and currently ranks 8th in Korea with KRW 78.1tn of AUM.

A Full-Service Asset Manager

Offering diverse investment instruments covering equity, fixed income, overseas, real estate, and infrastructure and ETF assets and comprehensive solutions

A global win-win cooperation model, NH-Amundi Asset Management

NH-Amundi Asset Management is not just a simple joint venture :

It is a global win-win cooperation model created by the agricultural cooperatives of Korea (NACF) and France (CA).

With expertise and reliability,
NH-Amundi has grown into an asset manager meeting
client's diverse investment needs based on the spirit of
cooperatives that is deeply rooted in the value of trust.

Since its establishment,
NH-Amundi Asset Management
has achieved results
that only joint ventures can
accomplish.

Marketing

- Enhanced CRM system through Amundi system benchmarking
- Collaboration between OCIO, digital marketing, and new product development departments
- Expansion of ETF business through research, joint product development, and joint marketing

Asset Management

- Provision of US bond credit analysis data (sharing of credit ratings for more than 700 bond items and research materials) through an advisory contract with Amundi US
- Collaboration on multi-asset allocation, selection of overseas investment funds, etc.
- MOU for European real estate investment cooperation, joint development of real estate blind funds, and implementation of investment programs

Product

- Launch of Good Earth fund using Amundi's model portfolio
- Collaboration between ETF departments, leading to the listing of new ETFs

ESG

- Introduction of ESG investment and evaluation processes and ESG management system from Amundi, the world's top-ranked asset management company in ESG
- Support of ESG education programs for Equity, Fixed Income, and Global Investment Division
